Ms. Han,

I am currently prosecuting an older drug distribution case here in Brockton District Court in which Annie Dookhan was the primary chemist. The CPCS attorney on the Brockton case has just sent me a copy of the letter you sent, on February 1, 2012, to M. Morrissey, Norfolk D.A., regarding a possible breach of protocol involving Ms. Dookhan.

Likewise she has filed a supplemental discovery request which includes requests for copies of laboratory protocols, the results of your internal investigation, including any changes to policy or procedures, and what personnel actions were taken against Ms. Dookhan.

In order to respond to this discovery request, and to prepare arguments for the court regarding the defendant's requests, please alert me to the current state of any internal investigation, and the results of that investigation if completed.

Thank you for your cooperation.

Josh Gedraitis
